

What I Want

To use my passion for design to create really cool, innovative work that matters in a challenging, forward-thinking environment.

What I Know

All Adobe CS3 Applications, Coda, Transmit, Valid XHTML, Valid CSS, 508 Guidelines, Usability, Web Standards, RSS, Twitter and the 'Social Web', Javascript, Wordpress, Drupal, Common Sense

What I've Done

OmniStudio, Inc

Interactive Art Director { 10/05 – Present }

Gave art direction to other designers as well as designed Web/email/marketing materials and developed standards based front-end code for a wide range of clients including: NGOs such as the Chesapeake Bay Foundation, Equal Justice Works, the American Near East Refugee Aid and the White House Project; Private Foundations such The Case Foundation; and Government Agencies such the Maryland Energy Administration and the US Office of Personnel Management among others.

New Target, Inc

Interactive Designer { 08/04 – 10/05 }

Designed Web/email projects and developed HTML and Flash based code for Non-Profit Clients such as First Night Alexandria, the Coalition Against Bigger Trucks and the Eisenhower Partnership; Education Clients such as American University's Kogod School of Business and Alexandria Scholarship Fund; Real Estate Clients such as Potomac Yard Development, The Mark Winkler Company and the Andover House; and Corporate Clients such as Law Enforcement Jobs, Lewis-Burke Associates, Dairy Queen, ICOR Partners and the FedDirect Credit Union among others.

Freelance Designer

{ 03/01 – Present }

Designed Web/email/print materials as well as produced code to be used in interactive projects for a wide range of clients including: Rosemary Feit Covey, Cylinder Labs AB, National Association of Home Builders, Charlottesville Sport and Social Club, Sinfonia Educational Foundation, West Virginia University, The Choosy Kids Club, Monongalia County Planning Commission and many others.

Where I Studied and Drank

BFA with emphasis on Graphic Design, West Virginia University, 2004
